

XXVI ISMU Report on migrations 2020

Migration to Italy and Europe in the Covid era

22 April 2021, 3.00 pm – 4.00 pm

Online meeting on

FONDAZIONE ISMU

@Fondazione_Ismu

The webinar discusses the major trends concerning migration to Italy and Europe, as illustrated by the 26th Annual Report on Migrations, the ISMU Foundation's flagship publication. While analysing the enduring effects of the pandemic on migration flows to Italy and the EU as well as on the lives of migrants in Italy, the Report examines current developments in the European governance of this complex phenomenon. The webinar sheds light on future prospects and challenges of migration management through a presentation of the most recent data.
